## GENERAL RULES & REGULATIONS FOR SMALL WATER UTILITIES

### 1. GENERAL

- 1.1 The Customer, in receiving water service, and the Company, in providing water service, both agree to abide by these Rules and Regulations.
- 1.2 In the event that there is a conflict between the Company's Rules and Regulations and the Rules and Regulations Governing Customer Relations of Gas, Electric, and Water Public Utilities under the Jurisdiction of the Idaho Public Utilities Commission, the Rules and Regulations of the Commission shall take precedence unless an exception has been granted.
- 1.3 Any additions, deletions or modifications to these General Rules and Regulations are to be made in the "Special Provisions" section attached as Attachment 1. Any such changes are subject to approval by the Commission prior to becoming effective.

### 2. DEFINITIONS

- 2.1 Billing Period - the period of time between bills from the Company for normal services rendered.
- 2.2 Commission - Idaho Public Utilities Commission.
- 2.3 Commodity Charge - Recurring charge based only on the quantity of water used.

3.4	Special contracts may be required where large investments in special facilities are necessary to provide the requested service. The Company may require contribution toward such investment and establish such minimum charges as are deemed necessary. All such contracts are subject to the approval of the Commission.		
3.5	The Company reserves the right to place limitations on the amount and character of water service it will supply and to refuse service to new Customers if, in its opinion:		
	(a) The Company is required to refuse or limit service by regulatory authorities having jurisdiction over the Company.		
	(b) The requested service installation is of larger size than is necessary to properly serve the premises.		
	(c) The permanency of the building, structure, or institution requested to be served is such that the Company's investment in such service is jeopardized.		
	(d) The depth of the Customer's service line is less than the minimum depth required for frost protection.		
	(e) The Customer's proposed service, main or other appurtenance does not conform to good engineering design or meet the standard specifications of the Company.

<p>6.2 If the system is metered, the Company shall try to read the meters prior to each billing unless specified differently on the applicable rate schedule. If the Company's meter reader is unable to gain access to the premises to read the meter, or in the event the meter fails to register, the Company may estimate the Customer's water consumption for the current billing period based on known consumption for a prior similar period or average of several periods. Subsequent readings will automatically adjust for differences between estimated and actual. Estimated bills shall carry appropriate notice to that effect.</p> <p>6.3 All bills shall clearly indicate the balance due and shall be due and payable no less than 15 days after the date rendered. All bills not paid by due date shall be considered delinquent and service may be disconnected subject to the provisions of UCRR.</p> <p>6.4 The minimum bill or customer charge shall apply when service is provided for less than one month.</p> <p>6.5 Owners of premises with one or more condominiums, buildings, stores, apartments or any other divisions of like or similar character, all of which are served from one (1) service connection are responsible for the entire water charges. If the owner desires to cease being responsible for water bills for such places and desires that the occupant of each division shall be responsible for her or her respective bill, such transfer of responsibility will not be accepted or recognized by the Company until the plumbing</p>

7.4	The Company reserves the right to test and/or replace any meter. Upon deposit of a "Meter Testing Fee" by a Customer, the Company will test the Customer's meter. If the test indicates that the meter over-registers by more than 2 percent, it will be replaced with an accurate meter at no cost to the Customer and the "Meter Testing Fee" will be refunded and water bills will be adjusted in accordance with UCRR.				
7.5	At the Company's discretion, unmetered Customers may be converted to metered service if such transition occurs in a planned, systematic manner without unreasonable discriminations and if the Company has an approved metered rate.				
7.6	The Company shall have the right to set meters or other devices without notice to the Customer for the detection and prevention of fraud.				
7.7	In any building where the meter is to be installed in the basement, the incoming water pipe must enter the basement at least sixteen (16) inches from the riser in order that a meter can be set in a horizontal position in the basement. All pipes to the different parts of the building or grounds must lead from the riser at least one (1) foot above the elbow.

**8. CUSTOMER PLUMBING AND APPLIANCES**

- 8.1 All plumbing, piping, fixtures and appliances on the Customer's side of the service connection shall be installed and maintained under the responsibility and at the expense of the Customer or owner of the premises.
- 8.2 The plumbing, piping, fixtures and appliances shall be maintained in conformity with all municipal, state and federal requirements. The nature and condition of this plumbing, piping and equipment shall be such as not to endanger life or property, interfere with service to other Customers or permit those with metered services to divert system water without meter registration.
- 8.3 A stop-and-waste valve must be installed on the Customer's plumbing in a place always accessible and so located as to permit shutting off the water for the entire premises with the least possible delay.
- 8.4 All persons having boilers, water tanks or other equipment supplied by direct pressure from the Company's mains should install a pressure relief valve, or other device to serve the same purpose, so as to prevent excess pressure from forcing hot water and/or steam back into the water meter and mains of the Company. All damage to the Company's property resulting from failure to properly equip Customer plumbing with a relief valve shall be billed to the Customer.

**10. REPLACEMENT OR ENLARGEMENT OF SERVICE CONNECTION**

10.1 Unless otherwise provided herein, the Company shall replace or enlarge service connections at its own expense, as follows:

- (a) Whenever it is necessary to change the location of any service connection due to relocation or abandonment of the Company's mains; and
- (b) For commercial or industrial services where the type or volume of use has changed and the enlargement will result in sufficient increase in annual revenue to justify the enlargement.

10.2 The relocation, enlargement or reduction of service connections for the convenience of the Customer will be at the expense of the Customer. Prior to such relocation, enlargement or reduction, the Customer will deposit the estimated cost thereof with the Company. Within fifteen (15) days a refund will be made to the Customer in the amount by which the estimated cost exceeds the actual cost. The amount by which the actual cost exceeds the estimated cost shall be due and payable within fifteen (15) days after billing for such deficiency.

10.3 Enlargement of any service connection will be made only after such time as the Customer's plumbing inside his or her premises shall have been enlarged sufficiently to accommodate the additional capacity.

*James D. Jewell* SECRETARY

(Approval Stamp)

Name of Utility

Murray Water Works

- 13.5 No rate contract or application is assignable from one user to another, except upon agreement of all parties concerned.
- 13.6 The representative of the Company shall be given access to the premises of the Customer at all reasonable hours for obtaining meter readings, for turning on or shutting off the flow of water, for inspecting, removing, repairing or protecting from abuse or fraud any of the property of the Company installed on the premises. Access shall be granted at all times for emergency purposes.
- 13.7 No one, except an authorized agent of the Company, shall tamper with, interfere with, make repairs, connections or replacements of or to any of the Company's property.
- 13.8 Whenever an applicant desires service of a character for which there is no available service classification, a contract may be executed in lieu of a tariff. Any such contract is subject to the approval of the Idaho Public Utilities Commission.
- 13.9 The Customer is held responsible for any violation of these Rules and Regulations even though the breach is committed by someone employed either directly, or indirectly, by the customer.
- 13.10 Copies of the Company's rates and rules summary of regulations will be available at utility's office; will be provided to customers upon commencement of service; and, will be provided to customers annually in accordance with Utility Customer Relations Rules (UCRR) and Utility Customer Information Rules (UCIR).
